Please enjoy your meal! If you are a member of your party has an allergy. We strive to identify ingredients which may cause allergic reactions, as well as to protect our staff on the safety of food allergies. While every effort is made to prepare dishes to accommodate your needs, those with allergies or food sensitivities should be aware that our restaurant is not an allergen-free environment. *The FDA and the Department of Public Health advise that consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase the risk of foodborne illness, especially in the elderly, young children, pregnant women, and other highly susceptible individuals with compromised immune systems. Thorough cooking of such animal foods reduces the risk of illness.
